

## BARANBALI BEEF

The natural marbling achieved from the Murray Grey breed, combined with 100% grass feeding, produces our tender, flavoursome and naturally sweet Baranbali Beef Range.

Popular Beef cuts, such as roasts, mince & sausages are available year-round, with special cuts or orders by request.

We recommend you pre-order or check availability of particular products before Farm Shop or Market Days, as many of our premium cuts are limited in quantity.
